Notes:

1. Forecast units outstanding as of June 30, 2008: 625,000 units
2. Forecasted figures identified in the above table are based on information currently available to management as of the date of this release. Actual operating revenues, net operating profits, recurring profits, net income and distributions per unit may differ from forecasts for a variety of reasons. In addition, JPR does not guarantee payment of the forecasted cash distribution per unit indicated in the above table.
3. Figures in yen are rounded down. Percentage figures are rounded to the nearest first decimal point.

2. Reasons for Revision

JPR resolved to revise its operating forecasts for the fiscal period ending June 30, 2008 due to a clearer operating performance.
